Procedure for Follow-up:

- * Once we have safely received your *Precious Hair Sample*, we will notify you. From this time we leave 5-7 working days for the Sample to be sent to the lab and testing to be completed.
- * Your results will be forwarded to you via a PDF file attached to an email.
- * At this time we will offer you an opportunity to make a mutual time for a phone follow-up if you require some additional guidance and an opportunity to ask questions regarding the information you have received.
- * We will then provide you with the option of choosing the Extra Food Kits if you require additional food choices.
- * After 4-6 weeks you will be required to fill in and submit your Follow-up Report. At this time we will offer additional support and guidance if necessary.
- * At the 6 month mark you are given an opportunity to submit a follow-up test if you would like to monitor your healing progress.

Take the time Make the effort and You can be healed

The testing is part of my overall treatment protocol. Removal of negative bio-energetic foods allows the immune system to repair allergies, intolerance, imbalances etc..

Other factors can also play a part in disease. These factors can be better assessed once you find out what foods are Good for you and what foods are Bad. You can then begin to corrected your diet and feel the benefits of eating bio-compatible foods.

Go to www.allergyfreemybody and download the free report on “How food can make you Sick”. This will give you an insight into how the body triggers certain foods as an “Enemy” and how the chemicals produced can cause the discomfort of the symptoms you may be experiencing.

The results you will receive will show you clearly the foods which are measuring an incompatibility with YOU individually and which foods, down to brand names, are compatible with YOU.
